FURTHER RETURNS OF THE ELECTION.

Boles of fown and Russell of Massachusetts Receive Small Majorities... Cause of Campbell's Defeat.

New Your, Nov. 4. - When seen at his residence in Madison avenue to-day by a repreremaine of the United Press ex-President Graves Cleveland gave his opinion as to the results of Tuesday's election as follows: "Of construction on the results, and I am not as to obtrude my ideas, but it seems to no comething ought to be no longer doubt-Any man who still thinks that tariff reis a settled and obsolete issue or that importance of sound and safe money as a question upon which the people on he blinded is either willfully wrong or dadgerously dull. SLOW RETURNS FROM KANSAS. The People's Party Vote Has Been Generally Cut Down.

KANSAS CITY, Mo., Nov. 4.—The election returns from Kansas are coming in very slowly. Nothing has been heard from any of Almost all of the counties in the eastern por-tion have made partial returns. Such returns as have been received would indicate that the People's party has lost its prestige. Out of lifty counties from which returns have been heavened as well recluding steet a People's meeived six will probably elect a People's party ticket, and then, with the exceptions of Asshall and Kingman, at greatly reduced fluralities. These counties show gains of

The other counties will elect straight Rejublican or fused Republican and Demo-

Of the ten district judges to be elected the lepublicans have probably elected eight.

DES MOINES, IOWA, Nov. 4.—The very latest returns indicate the election of Governor Boies by about his old plurality. The rest of the State ticket is in doubt. The Ser ate will consist of twenty-five Republicans, twenty-four Democrats and one People's party man—Engle—who will vote against the repeal of prohibition. The House will have fifty-five Republicans (all prohibitionists), forty-four Democrats and one People's party man. Prohibition cannot be repealed.

DEMOCRATS ORLEBRATE. Drs Moines, Iowa, Nov. 4.—The Democrats are having a regular old-fashioned jubilee to-night over the success of Boise. Fires are burning all over the State, and the Democrats burning all over the State, and the Democrats are marching the streets with brass bands celebrating their victory. Governor Boise arrived in this city to-night from Waterloo, and his carriage was drawn through the streets by a great crowd of Democrats. A great jubilee meeting will be held here Saturday.

DES MOINES, IA., Nov. 4.—The latest freturns indicates the plurality of Boise as follows. Eight counties give him 12 806. The

turns indicates the plurality of Roise as fol-lows: Fight counties give him 12,866. The other eleven two years ago went 3,084 Repub-lican, reducing the first figures to 9,722, but proportionate gains in these eleven districts should increase the plurality to 10,000. The plurality received by Governor Russell is not yet securately known, but all but three small towns have been heard from. Without these towns Russell's plurality is 6.21%. These towns will not lower these figures more than a score, if at all. The Republicans have elected the rest of their State ticket by about the same plurality, showing that Governor Russell ran full 14.000 yetes ahead of his ticket. The Republicans votes ahead of his ticket. The Republicans have carried both branches of the Legislature.

Democratic Gains in Maryland.

BALTIMORE, Mo., Nov. 4.—The blank ballot and a great deal of cutting in many counties make it impossible to give complete returns. The Democratic ticket received increased majorities in fifteen counties. The plurality of the State Democratic ticket is over 15,000. The Legislature will be overwhelmingly Democratic. In the last Senate there were Democratic. In the last Senate there were is Democrats and 8 Republicans and in the House 52 Democrats and 32 Republicans. In the next Senate there will be four and perhaps five Republicans and in the House about twelve, giving the Democrats a majority on

oint ballot of 85. Frank Brown for Governor carried this State by something over 30,000 plurality in yesterday's election. The Legislature will stand on joint ballot 103 Democrats and 14 opposition. The Senate will have only four Republicans, who are hold over Senators. In the House of Delegates there are seven Republicans and three Engineers.

Republicans Win in Chicago.

Carcago, Nov. 4.—Complete returns received from every precinct in Cook county show that the entire Republican ticket was elected yesterday. Not a man seems to be missed. The Republican candidates for county commissioners in the city district appear to have received majorities varying from 7,000 to 14,000. Mr. Eckhart, Republican candidate for drainage trustee, received 5,000 more votes than any other candidate for that office. The only Democrat elected was Lyman E. Cooley. than any other canduate for that once. The only Democrat elected was Lyman E. Cooley, drainage trustee, who comes in as the minority representative. It is one of the most sweeping Republican vetories ever known in Cook county and is largely due to continued dissensions in the Democratic ranks. A significant feature of the election is that nearly every man indersed by the American or "Know Nothing" associations appears to have been elected.

The People's Party's Poor Strength. Kansas Cirx, Mo., Nov. 4.—In yesterday's county elections the third party lost heavily n nearly every county. They elected only me circuit judge in the ten districts in which hey had candidates, and were confronted with heavy Republican gains in the strong-holds of their leaders. The Republicans are rejoicing over what they term the final down-fall of the People's party in Kansas. TOFREA, KAN., NOV. 4.—The result of the State election in Kansas yesterday was a sur-

prise to all parties. The Republicans carried at of the 106 counties of the State. The result is a great victory for the Republicans, who were aided by Democrats in many localities. Ten out of the eleven Alliance candidates for district judges were defeated.

EXPUBLICAN VICTORY, TOPKEA, KAN., Nov. 4.—The Republicans of Kansas have made sweeping gains, carrying 75 of the 105 counties of the State. Last vear the People's party elected nearly four-fifths of the county officers of the State. Vesterday the figures were reversed. The People's party elected only one district out of nine. The Ropublicans claim a great victory over the People's party, and that a calamity and repudiation, as predicted, has taken place.

Everything Democratic in Mississippl. Jackson, Miss., Nov. 4.—The election in this State was held for three railroad commissioners, the entire Legislature and district attorneys, W. S. Laurins, J. B. Askew and J. F. Sessions were the Democratic nominees for railroad commissioners and had no opposi-tion. The general Legislature will be overtion. A MIDNIGHT RIDE TO DEATH.

Seventeen Miners Plunge Into Eternity in the Twinkling of an Eye

AT THE ANACONDA MINES IN MONTANA.

The Men Start Down on an Elevator When Suddenly There is a Snap, a Cry of Horror and an Awful Crash,

BUTTE, MONT., Nov. 4 .- Seventeen men met instant death in an awful form in the great Anaconda mine, near here, at midnight. The time had come to shift the gangs of men, and a cage full of miners returning from work stepped out into the open air. Their places were at once taken by nineteen men who were to take up the work they had just abandoned, and the cage was started toward the depths below.

Therope had been unwound but a couple of Therope had been unwound but a couple or times from the slowly revolving windlass when there was a sudden snap, a cry of horror from the shaft in which the cage was but a moment before disappearing and then a cry went up from the men who had a moment be-fore come to the surface.

The rope had broken, and the cage, with its nineteen immates, was precipitated to the bottom of the mine. It was some little time before any assistance could be sent them, the shaft down which they had plunged to death being useless and other ways of getting at the place where they had fallen were roundabout. Fortunately, there was some help for the dead and dying men in the mine itself. A number of miners who were through work and waiting to be relieved were at the bottom of the shaft waiting for the cage to take them out. Amidst them, narrowly missing some, the cage dashed. It broke, and before their horror-stricken eyes were the mangled bodies of the companions whom they were awaiting. A DASH TO DEATH. of the companions whom they were awaiting. When they had recovered from the shock word of the accident was sent through the mine and from the darkness came men hur-rying to the relief. There was little, how-ever, that they could do.

SEVENTEEN KILLED,

Of the ninsteen men who made the fearful ride, seventeen were dead, their forms crushed out of all semblance to those of human beings, while the two who were yet breathing have no hopes of recovery. THE CHINESE RIOTS. A Report That They Are by No Means at an

End as Yet. San Francisco, Nov. 4 .- The Hankow correspondence of the Hong Kong Press, received yesterday, says: Those who imagine that

China is going to back down before a mere display of force are mistaken. No outbreak has occurred vet, but it is now quite clear the people of Wuchang were on the eve of one when the consul held an interview with the viceroy. Wuchang residents do not feel secure yet. Ladies have not returned to the city, while gentlemen go armed. Recently several fire-balls were thrown in the buildings of the powder mag azine at Wuchang, and this was made a pretext for distributing the ammunition among the trees. made a pretext for distributing the ammuni-tion among the troops throughout the city and on the walls. A hundred war junks have been ordered to be built in all haste for ser-vice on inland waters. They are, no doubt, intended to coerce the Hunanese. We had a huge fire at Hankow, when three hundred houses were burned, and ten times as many people were left homeiess, with considerable loss of life through women and children being trappled down.

Correspondence to the Japan Mail, dated Shanghai, October 2d, says. Since the last writing there has been no outbreak at any of the ports against foreigners, but there is without donot a very uneasy feeling all over North China, and foreigners may be said to be living on a volcano, which may burst out at any time. The publication of vile pam-phlets and placards maligning foreigners and urging their destruction goes on unchecked by the officials, though they must be well aware that such publications are scattered broadcast among the people.

He Reads a Paper Setting Forth His Objections to the Indictments An Appeal to be Taken to the Synod.

NEW YORK, Nov. 4. - The New York Presbytery which is to try Professor Charles A. Briggs, of Union Theological Seminary, for heresy, met this morning with a large attendance. Dr. Briggs declined to conduct his own defense. After the moderator reviewed the proceedings already taken in the case and the reading of the charges were dispensed with, Dr. Briggs read a paper declaring that he did not want to object to the regularity of the indictments, but he did object to the sufficiency of the charges and specifications in form and legal effect. The report of the committee of the Presbytery which formulated the indictment charges offenses which they have not proposed for

This, Dr. Briggs said, did him a great injustice and was calculated to prejudice the members. He requested the Presbytery to blot out these insinuations. He denied that he ever taught doctrines conflicting with the Holy Scriptures as the only infallible rule of faith and practice. This denial evoked applause from the gallery, which was promptly suppressed by the moderator, Bliss. Dr. Briggs allowed that he had said that "Isaiah is not the author of half the book which bears his name." but the indictment failed to express his further view that that portion which Isaiah did not write was written by other inspired prophets. Dr. Briggs made many more objections to the form and legal effect of the indictment. The committee charges him with uttering

These witnesses heard at least fifty strokes of the horse-whip as McDermott rained the blows upon Healy, while Healy pranced and jumped about, yelling with pain and calling for some one to help him. Healy must be black and blue all over from Manuel and calling for some one to help him. must be black and blue all over from Mc. Dermott's blows, and it is believed that the real reason he refused to complain against McDermott for the assault was his fear that the whole story would come out in the court. After the horse-whipping Healy wept with vexation and pain, and has since been unable to sit down at least in subject. to sit down, at least in public.

NOT CURED YET. The factions are again furiously excited over the news from Waterford and the fact that Healy in making a speech at a Parnellite meeting after he was thrashed by McDermott again alluded to Mrs. Parnell as an English prestitute. It is said that Healy has armed himself and will attempt to kill McDermott if the latter repeats the assault. To a friend to-day McDermott said that every time Healy was hit he gave a groan of pain and begged to be allowed to get up, but he (McDermott) would not allow Healy up without a promise from the latter never again without a promise from the latter never again to defame Mrs. Parnell. Mr. McDermott says he believed Healy would have made the promise but for the interference of other peo-ple, who pushed McDermott away.

THE NATIONAL PEDERATION. Dublin, Nov. 4—The National Federation is in session at Waterford. Great excitement prevails in the town. Several persons have been clubbed by the police, who are determined to repress any attempt at violence.

The convention of the National Federation

mined to repress any attempt at violence.

The convention of the National Federation at Waterford is attended by many people, and several of these offer to assist the police in beating off the Parnellite assailants. The police, however, decline any aid, although they have applied for reinfocements. The police fought at a great disadvantage in the riot to-day, owing to the number of women in the crowd, with whom [the officers did not care to deal too vigorously, but who fought even more forcibly than the men. One woman, averaging about six feet tail and fifty years of age, iaid about her in such a vigorous way as to put two constables hors de combat. It took three others to bear her, kicking and screaming, a prisoner from the melee, her screams being every now and then mixed with yells of "murderers" and other epithets intended for the McCarthy interest.

A number of Parnellites have gone from Dublin to the scene and there is reason to apprehend more trouble before the convention completes its session.

a desperate attempt to disperse the conven-tion. The police repeatedly charged them and used their batons vigorously. The mob was a desperate one and fought stubbornly. It was only with the greatest effort that the officers successfully coped with the rioters. MORE TRISH FIGHTS.

CORE, Nov. 4.—The Parnellites brick-batted the anti-Parnellites from the roof of the Cork market to-day. William O'Brien received a olew, on the head and Dr. Tanner was struck to the ground. The man who was driving the car in which the two sat had his skull fractured. The Parnellites made an attack on them and their friends with sticks, and were stoutly restrained. The police are kept busy attending to the injured

GUARDING THE CONVICTS.

Precautions Taken by Governor Buchanar to Prevent Attacks on the Prisons.

NASHVILLE, TENN., Nov. 4 .- While there have been rumors in circulation in East Tennessee during the last two days that a mob intended to attack the branch prisons at Tracy City and Jaman, it is thought there is little foundation for them. There are 620 convicts at these prisons and extra guards have been placed on duty at each of them. Several heavy boxes, supposed to contain arms, have been sent by express from the State armory to the officials at the prisons. Governor Buchanan has ordered the State Superintendent of Prisons to take vigorous action. It is certain that a mob would not now move on the Tracy City and Inman prisons unless they were determined to do or die. Governor Buchanan in an interview could not say whether the leaders of the mob, if arrested, and he convicted in Anderson could be convicted in Anderson county. Speaking of the release of the convicts the

Governor said:

There should have been a heavy guard at each of these prisons. The trouble has been that the lessees and the representatives of the State have each refused to pay for such guards and there have been none. The stockades should have been defended with powder and ball. The two remaining prisons must be defended vigorously, for doing so is not only sustaining the law, but is defending the good citizens of the State against danger from criminals at large. Governor said: State against danger from criminals at large. The prisons must be guarded and the matter

must be settled afterward by the counties. Dispatches received here from several points in Kentucky state that over five hundred convicts have been captured and are held to await instructions from the State or

Governor Buchanan has offered a reward of \$5,000 for the arrest and conviction of the leader of the mob at Lover Springs and one of \$250 for every man convicted of participation in the riot.
